Boston 22 Sept. 1854.

My dear Sir,

Your letter has just been forwarded to me from Albany, and I avail myself of the first moment to say that I earnestly hope you will succeed in gathering the requisite material for a brief sketch of your father. I have nothing concerning Dr Chapin that renders it less desirable to me to have your contribution, though I certainly will not urge it, if it is likely to be a bore to you. I should be glad to have you make out the entire article in respect to your father, and let it appear as coming from you; for after all, your recollections of him will be worth ten times as much as those of every body else. I will, if you wish it, send you Dr Humphrey's letter, that you may incorporate so much of it with your sketch as you may think proper.

With great regard
very sincerely yours,
W B Sprague.

Rev. Dr Robinson.
